

The *SICE Journal of Control, Measurement, and System Integration* (**SICE JCMSI**) is an international journal dedicated to publishing high quality original papers of contributions from the world. The journal publishes peer reviewed papers containing archival research results related to the fields from measurement and control to system analysis/design/integration, from theory to application, and from software to hardware. Newly developed interdisciplinary ideas and concepts transferable from one field to another are welcome. SICE JCMSI will be published by Taylor & Francis Group (T&F) from January 2021 (vol.14, no.1) as an open-access journal.
